Dr. MLD stole the famous Monalisa from the Louvre. You are tasked to find this famous art piece. You have confiscated Dr. MLD's laptop. Now analyse the pcap file found from it:

1. Filter all the ARP packets
2. Filter all the UDP packets with destination port 7078
3. Report the number of HTTP HEAD request packets
4. Where is Monalisa? (Hint 1: To search in packet payloads, you have to use: **<protocol> contains "<keyword>"**. Hint 2: Search in only **HTTP** packets. Hint 3: keyword is **case-sensitive**)
